Induction of New President by President Bob Carroll  
Presentation to Past President by President Allen Horrell  
Passing of Staff and Charter to Serjeant-at-Arms Patrick Longfield  
Introduction of new Board by President Allen Horrell**

## PRESIDENT'S REPORT 2009/10

It has given me great pleasure to serve as President of the Ryde Rotary Club for the year 2009/2010. At the Presidents and Riverside Zone meetings and other functions I attended representing Ryde Rotary, it has been an honour to introduce myself as the President of our Club and see how Lorraine and I were welcomed.

I owe my membership of Ryde Rotary to Past Presidents Bill Payne and Eric Bond who spoke to me about membership when the Club met at Ryde Hospital. Due to their gentle persuasion I became a member and have enjoyed every minute of the 12 or so years of that membership. I enjoyed the BBQ's we conducted for different areas of the Community,

such as the Ryde Hospital Fete, Cornucopia (Mental Health) and the Ryde Council Granny Smith Festival to name a few.

Over the years I have served in the different Avenues of Service, and participated in the running of Pride of Workmanship, Primary School Speaking Competition, Apprentice of the Year, Walk for Cancer, Birthdays and Christmas Parties. This year the Pride of Workmanship Awards, The Primary School Speaking Competition and Apprentice of the Year were among the best we have ever run. Congratulations to Jan Cutler, John Mazlin and Burkhart Foertsch for their wonderful efforts in organising these projects.

The District 9680 Conference this year was held at the beautiful seaside resort of Port Macquarie. The Conference, I believe, was an outstanding success, and I would like to express my sincere thanks to PP Patrick Longfield for arranging accommodation for all the Rotarians, and I also thank all those members and partners who attended.

This year we again sponsored an Exchange Student by the name of Emma Overlack from Germany. Emma was a very bright and fun loving young Lady. John and Janelle Dodd, Adrian and Linda Hallett, Roger

and Grace Sham and Lorraine and Myself billeted Emma. We found her to be a very happy goes lucky young lady and certainly brought a lot of joy and fun into our lives during her stay with us.

This year our Membership grew by 5. The following members were inducted into our Club: Hameed Fazal, Surinder Joson, Siddharth Maheshwari, Tony Robertson and Graham Rushforth.

Following a lot of groundwork by PP Rob Mitchell the Club has, this year, entered into a great project with the Indigo Aid Foundation for the building of a new school in Afghanistan. To date, Ryde Rotary has committed \$70,000 to the project, of which we have already allocated \$37,000. I believe this is an outstanding project for the boys and girls in Afghanistan.

In January this year we allocated a sum of \$15,000 to Ryde Hospital to pay for the cost of covering all the walls in the entry, the wash up area and the Operating Theatres with vinyl sheeting. This donation allowed for both Theatres to be finally completed.

I would like to extend my thanks to the Board members for their invaluable support to me throughout the year, for without it, I would have found my job much more difficult. A special thanks to Bob Kaye-Smith, Steve Thorp and Geoff Brennan. I apologise for my absence during April and May, due to ill health, and express my thanks to Allen Horrell who stood in for me and kept everyone in control

I now look forward to the coming Rotary year and wish PE Allen Horrell every success for the year 2010/2011.

Thank you Ryde Rotary.

Bob Carroll  
PRESIDENT

My year as Membership director started at District Assembly in May 2009. As the second Membership Director under the new Club Structure, I was interested to find out more about my role. At assembly there was a Breakout session where incoming membership directors from around the District work shopped questions about membership issues. We were given a survey for our club members to fill in on the same subject. I

surveyed our members and got a few insights into what was expected of the club and what would make it appealing to new members.

Note that Ryde is different to other clubs in the District: I don't think we have lost a new member since I joined. Ryde most definitely does NOT have a problem with Retention.

The Membership Survey taught me the folly of trying to do business at a Club Meeting where members are more interested in eating their meals and enjoying the fellowship of their peers. Those who did answer were clear on one point – our Club is doing OK, and should change nothing except the average age of our membership.

My Membership plan for the year was to target the following groups:

1. The District Alumni database – we should try to get our Club's Alumni data and invite them to join. (This is still a work in progress apparently, as I was unable to get any data from District)
2. Teachers – because our Youth Services Chair will be talking to them all the time, and the only practical way to keep Interact clubs going and to start new ones is to have a Rotary member in the School.
3. Tradesmen – because Vocational Service has contacts with TAFE's, Pride of Workmanship, and Apprentice of the Year.
4. Speakers – they were interested enough to visit and share their time with us.
5. Newly retired business people. 50% of our district is now over sixty, so why not target retirees as new members?

The "Demographic Problem" is discussed repeatedly at District level, and it is even mentioned that Clubs are discouraged from signing up over 50's. I disagree: retirees are free of work commitments, are living and remaining more active longer; and we can offer something they need; a worthwhile interest for their retirement. Our club works well with a demographic at least as old as the District average, and the fact that the district has 50% of its membership over 60 and is still achieving so much each year, suggests that maybe we should recruit more of them!

The main intent for Membership was to include a membership component in every club meeting or project, and this is always in cooperation and in combination with every public relations effort. The two roles cannot really be considered separately.

We distributed "20 Reasons to Join Rotary" Brochures at the Rotaract Dinner and addressed the attendees. Thanks to Adrian Hallett and his trailer we have manned a stand at the West Ryde Easter show, and will make further use of this in future years.

It will be immediately apparent to members that I was unsuccessful in recruiting anyone from any of the planned target groups, but through no action of mine, the club ended the year with 45 members, from a starting total of 41.

Membership statistics for the year are therefore (41+ 5 – 1 = 45), a membership growth of 9.8%, and a retention rate of 97.6% both of which is probably the envy of the District!

Charles Kilby  
MEMBERSHIP DIRECTOR

As another year finishes, I have great pleasure in presenting this Rotary Foundation Report to our Members.

In November Ayumi Hira, our Ambassadorial Scholar completed her Master's Degree. But she remained at Macquarie University after securing another scholarship to obtain her PhD.

I have already announced to the Club that on about 19<sup>th</sup> July, we will be welcoming another Rotary Foundation Ambassadorial Scholar, this time from Italy. With PP Ross and Rose Rocca as her Counsellors.

We still have many of our members making weekly personal contributions to the Rotary Foundation, but our Centurion rank have not increased, as I had hoped for. Perhaps this year we could encourage a few more of us to become Centurions.

I was certainly touched by two of our members who have made US\$1000 contributions to the Foundation. Perhaps they will wear the PHF with as much pride as those of us, who were recognised by the Club.

The club is of course going to make a substantial contribution to the Rotary Foundation, as we do very year.

We have during the year hosted two Group Study Exchange Teams, one from District 1650, led by Anne Fouche, and of course our Team, that only recently returned from the same District.

We also had the privilege of hosting the French team for the day, with a visit to the Sydney Fish Markets, Powerhouse Museum, a visit to Chinatown for lunch, and then the Chinese Gardens in Darling Harbour.

During the year we had several speakers, giving all our members some insight into our Foundation.

Alex Sawyer  
FOUNDATION DIRECTOR

The year has been exciting for me and for my PR role in Rotary. The most significant thing has been the development of the club's new Website. This has been a long process, as a club has generated a huge amount of information over the years and will do so into the future. It is essential that we organise and manage this information, as it is not only good from a management point of view, but it makes all communication and public relations easier. Each event that we participate in generates promotional material, photographs, articles and comments.

The more we can consolidate the collection and delivery of all this media, the more effective we will be at PR. The new Website has been designed from the ground up with this in mind. It will launch soon, but will never stand still. I am asking all members to contribute everything they can to help make our Website the best Rotary Club Website in the world – and we can do this by simply supplying it with great content and accurate information. This will set an example to other clubs and raise our own profile, both within Rotary and with the wider community.

I had some time off this year, due to personal circumstances and also a bit of a major flu attack, and in my absence I must say I was amazed at the efforts of PP Charles Kilby and Rtn Adrian Hallett. From Fords in the Park to the huge Graffiti launch, our club has been spearheaded into the local headlines and is poised to capitalise on their great work over the year ahead. Thank you so much for your support, Charles and Adrian.

Other highlights for me for the year have included the production of the MUNA video and audio files, which are both a permanent record of our involvement and an excellent marketing tool for all future MUNA events. We also gained a big spread in the paper for our Vocational Excellence Awards and our donation of the ultra-sound machine to Ryde Hospital. Throughout the entire year, I managed to keep pumping out a new Hub each week, thanks to the fabulous contributions of Allen Horrell's journalism and PP Geoff Brennan's On-Time Printing Solutions.

Next year is going to be bigger and better, with the Website springing into life, huge visibility of the club with the Graffiti program, Adrian Hallett's amazing work on signage and his travelling trailer show, more videos, photo galleries, some 30 second commercials on 2RRR and, what I hope will be a huge scoop for the club, our branding rights to a new community Website [www.ryde.nsw.au](http://www.ryde.nsw.au). This is in its very early stages of development, but will grow to become an excellent vehicle for our club.

Stefan Sojka  
PUBLIC RELATIONS DIRECTOR

For the 2009/10 year Ryde Rotary decided that the importance of ethical standards amongst our members would be reinforced and also we would demonstrate to visitors that we take ethics seriously. This new Club Meeting activity introduced this year is for a chosen member to recite the Four Way Test at the beginning of each meeting, and when appropriate they give an example of how they applied the four way test to themselves during the past week.

We held an Apprentice/Trainee of the Year night, with DGE George Papallo as the Guest speaker. The winner from that Ryde awards night was entered into the District competition where our nominee, Cameron Holmes, won the Apprentice/Trainee District Award which was presented to him at our District Conference at Port Macquarie.

We nominated Heather Ridout to be considered for the Vocational Excellence Awards. The District selection committee chose Heather to be one of the recipients for the award at this year's Conference at Port Macquarie.

We held a Pride of Workmanship night where individuals from the local Ambulance Service, Fire Brigade, Police, State Emergency Service, Ryde Hospital, Christian Community Aid and the local Ryde Shopping Centre, were recognised especially to honour high standards in their vocations, and "recognise the worthiness of all useful occupations."

We held vocational visits, the most notable being the recent visit to one of our member, Ron Thomson's, Laser Cutting Facility.

We held at club level a Four Way Test Speech Competition with the local high schools. Our club also hosted the District Four Way Test Speech Competition semi final where both finalist presented at the District Conference at Port Macquarie.

A number of our members have signed up for the Meet the Professionals program.

To cap the Vocational year off our club was presented with a certificate of recognition at the District Presidents meeting held in May 2010 for our commitment to Vocational Service.

I have had an enjoyable year and thank The Board and club members for their assistance and support.

John Mazlin  
VOCATIONAL SERVICE CHAIRMAN

Community had a busy year, and looks forward to an even busier one next under the stewardship of Burkhart.

I would like to give my sincerest thank you to all members who have without complaint or worry, gone about what we in Rotary do best, with a smile and laugh. It is really such a pleasure to be associated with such a marvellous group of people.

Below I have dealt with each of the activities that have been identified as part of this area of club activity. I have left in those activities that are on the books, even though we may not have been active this past year. That way we all know what the options and possibilities are for the future. They are many and varied:

Antiques Fair: No activity – but is still something we may look at.

Anzac Day Service at Tubbut Lodge: A successful event, if I may use that term, with Adrian and some eleven other members representing us. We sponsor two wreaths, and assist in the coordination, and those there get invited back for morning coffee and tea. Let's consume more tea next year? A good community event.

Bowel Scan: As usual this activity ran like clockwork under Bill Payne's keen eyes and ears. From those distributed, there were 432 returns. This was up 5% on last year, in spite federal initiatives in their parallel programme. There is a rising debate about whether we switch to the new immuno-assay technology. It is most likely this will happen, and when it does we will adjust as we should.

Charity Golf Day: This ran under Mick's hand, and was a success, but not as much as perhaps he wished. The event raised \$5200 – still a goodly sum. We need more players and more sponsors for next year – hopefully not an insurmountable task.

Clean up Australia Day: No activity.

Conference: The conference at Port Macquarie, was a great success, with the 34 members and their spouses who attended it enjoying the time away, and attending a very active and useful conference. We look forward to next years one in Canberra. There are already three members begging to register!

EcoDay Lane Cove National Park: As before, an activity we all seem to like to do. The BBQs worked, the sausages and bread were there, so were the many volunteers. It was a happy, enjoyable day and we served a lot of sausage and onion sandwiches and soft drinks.

Father's Day: As always, an activity to which we are committed. 6 centres were visited and 104 gifts distributed.

Ford Car Club BBQ: As before, an activity we all seem to like to do. However, while a good time was had by all, there were fewer cars than we had expected, so sales were down on last year. We hope to be there next year.

Gift wrapping: There was no formal activity this year, although Nora assisted the CWA who ran this activity at Top Ryde. How this is to be managed in the future will depend upon the incoming Community Director.

Graffiti removal – or War on Graffiti! Under Charles Kilby's careful hand, this project has started with a vengeance – you should see the uniforms! I hope the chemicals used are as sustainable as they can be given current technology. With Adrian's and other's support, this will be a continuing project of the club. Our thanks go to the council for their support.

Juniperina Juvenile Justice: No activity this year.

Meals on Wheels: Once again the club pulled together to ensure no meals were left undelivered. Our thanks to all those careful drivers who never spilled a soup, or tried to test the delicious fare.

Mother's Day: Like Father's Day, an activity to which we are happily committed. 6 centres were visited and 268 gifts distributed.

National Water Week: No activity this year.

Red Shield Appeal: Under Nora Etmekdjian's steady hand once again the Ryde Rotary troops went out into the streets of Ryde and Eastwood under the Red Shield banner.

Rotary Health (Mental) workshop: Combined with Gladesville and North Ryde, in August and September we ran two forums. Although the numbers were down on what we had expected, we were informed those involved considered them successful. As well as the forums, one workshop (Living with Depression) was run with 12 attendees. It was deemed a success by the professionals.

The club continues to support this project. We look forward to a busy year ahead. Rotary Health continues to give their support.

Shine for kids: No activity this year.

Tree of Joy – Eastwood and West Ryde: Eastwood remains the core activity for this club, but West Ryde is coming up fast. It is one of the most successful activities we run, and no small thanks to Duncan and Ron Taffa. Some 1200 gifts went out from our two centres, Ryde and Eastwood. Once again a very successful year.

World Environment Day: No activity this year.

Patrick Longfield  
COMMUNITY CHAIRMAN

International Service had, as a major project, to assist in the building of schooling and teaching facilities in Papua New Guinea. With enthusiastic intentions we were unable to progress because of a lack of response from the Rotarian within our District that was organising this project.

It was also our intention to seek support with the local Armenian community to raise funds to undertake projects in Armenia in conjunction with an Armenian Rotary club in much the same way as we had done Matched Grants with a Lebanese club in recent years.

We undertook a very successful Donations in Kind project in the latter part of the year where we were able to locate antibiotics, valued at around \$75,000, that were approaching their "use by date" and have them shipped to Samoa where they could be used by the Samoan medical fraternity.

The Club was asked if we could locate and deliver some optical equipment for use in Nepal. The required piece of (second hand) equipment, valued at over \$10,000, was found by our resident optometrist, PP Martin Aston, and despatched to Nepal.

During the year the Board approved a proposal put forward by PP Rob Mitchell to build a school in Afghanistan. PP Rob's report on this project, which will be funded over two years at a cost of \$70,000, follows.

Rtn Paul Burnett  
INTERNATIONAL SERVICE CHAIRMAN

#### **A New School for Borjegai, Afghanistan**

This project came to us via a RYLARIAN – a young Afghan refugee named Ali Yunespour – dedicated to improving education for boys and girls in the country of his birth. As a result we have formed a partnership with Indigo Foundation, and independent Australian NGO with previous experience in Afghanistan, to build a co-ed school for 1000 pupils in the village of Borjegai in the Hazara region of the country.

Construction is on schedule, and the school should be complete and operational by late 2010 or early 2011. We have committed also to assisting with the school's first year's operating costs, and are discussing

with the Rotary Club of Kabul ways in which we can co-operate with them and the Rotary Foundation to further fund improvements in teaching and related facilities

PP Rob Mitchell  
BORJEGAI PROJECT CHAIRMAN

During the year we have supported many projects. They were as follows:

Emma Overlack, our youth exchange student was with us for the year. She told us weekly of her escapades. She will no doubt remember her time at our club and all the kindness that was shown to her by her host families and other members of the club.

RYLA was a great success this year with three outstanding representatives sponsored by our club.

Beth Goldfinch, Sonia Dunn and Christopher Von Shomburg attended the program in January this year at the Collaroy conference centre. They later all came to the club to describe what the program meant to them. Once again it seems to have been a life changing experience for all of them.

Jan Cutler once again ran a very successful public speaking competition for the primary schools in the area. The standard of their public speaking skills was just astounding for children so young. It is a credit to Jan for running this program so well.

We will again be supporting the RYDA program this year by sponsoring Holy Cross College. This is a very worthwhile program with the potential to save lives.

The National Youth Science Forum will be held in January at the ANU. This year we have a nominee named Thomas Price. He has applied for acceptance to the program and he should find out in the next couple of months if he has been successful. Ryde Rotary will be assisting with his costs if he is successful.

PP Ron Thomson  
YOUTH SERVICE CHAIRMAN
